

CC Depots offer extra services to optimise your supply chain. We can take care of e.g. cleaning, sorting and quality checking.

Then you can focus on your core business.

CC Depot Services

Extra services for your RTIs

A wide range of high-quality RTI services*

We strive to meet your every need. At our CC Depots you can select a lot of extra RTI services to help you cut costs in your supply chain, without ever compromising quality. CC depots are placed all over the world, where they are most needed to ensure that the nearest CC depot is never too far away. Here are some of the high-quality services we can offer at competitive prices:

■ Extra storage space

When you need extra space for your RTIs, we offer the possibility of storing your units in the nearest CC Depot. You sign a contract with us, including a date when the RTIs must be available to you again.

■ High-quality, efficient cleaning

We offer an efficient and cost-saving way to get your crates or rolling items cleaned according to the highest quality cleaning requirements. The cleaning process is constantly monitored to ensure perfection. And we negotiate prices on your behalf to provide you with the discounts of high-volume purchasers.

■ Sorting and quality checking

If you have special needs for additional sorting of your RTI pool, we offer a cost-effective solution. This service will be particularly interesting to you if your internal processes are highly automated.

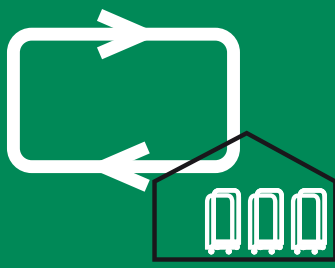

■ Exchange of pallets with retailers

We offer exchange of pallets with the retailer. To make it easier for you, we inform the appropriate pool organization about the transactions. This service is only relevant if you use pallets as load carriers for CC crates.
